How We Can Help

Regional Collaboration

- Facilitate collaboration among colleges, employers, and workforce partners.
- Contribute to regional events and meetings.
- Connect and support cross-campus engagement.
- Represent LARC in key activities.

Budget/Reporting Support

- Assist in tracking project progress.
- Flag issues early.
- Keep stakeholders informed through documentation and regular updates.

Project Support

- Work with leads/partners of SWP projects to ensure progress and achievement of project outcomes.
- Assist with project strategy, events, timelines, organization.
- Source/curate content that informs and elevates project direction.

Communications

- Manage contact lists and resource hubs.
- Generate and execute outreach on behalf of project leads.
- Help promote LARC and SWP events, updates, and achievements.
- Lead convenings as needed.

Employer Engagement

- Develop strategic frameworks and processes to enhance employer engagement across the region.
- Serve as key liaisons, collaborating with employers, WIBs, employer engagement liaisons, and industry specialists.
- Help embed employer engagement into regional workforce projects through information sharing, research, direct outreach, and event coordination.
- Communicate new employer training needs and help facilitate responsive, employer-driven solutions to improve student employment outcomes.
