RE: K12 Strong Workforce Program 2022-2023 Intent to Award

Dear K12 SWP Colleagues,

The California Community Colleges Chancellor's Office – Division of Workforce and Economic Development, in partnership with the California Department of Education is pleased to formally announce the 2022-23 funding awards for the K12 Strong Workforce Program (SWP). This memorandum is a formal notification of the intent to award and of the complete list of all awarded applications.

The Chancellor's Office sincerely thanks and acknowledges the efforts of the Local Education Agencies for their applications and for the Selection Committee Members who worked hard to score and award decisions on schedule. Each Lead Agency eligible for a funded application received formal email notification of the grant award from the NOVA system with instructions for the grantee to accept the award amount. Once accepted, the K12 SWP fiscal agent in your region will contact each Lead Agency receiving funding to request signatures, and technical work plan changes, including budget amendments that may be needed to complete the execution of the grant agreement. A copy of the fully executed grant agreement will be provided to each Lead Agency. For auditing purposes, Lead Agencies should retain a copy of the grant agreement, the Request for Application (RFA) Specifications, and the K12 SWP RFA Instructions, Terms and Conditions.
