### How I Can Help

#### Evaluation & Measurement

- Guide project leads in defining success metrics and tracking meaningful outcomes.
- Leverage statewide and CCCCCO data systems to support evaluation and impact measurement.

#### Reporting & Compliance

- Assist colleges in meeting bi-annual reporting requirements in alignment with CCCCCO compliance standards.
- Provide guidance on how to communicate project progress and address implementation challenges.

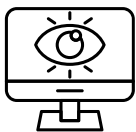

#### Data-Informed Decision-Making Support

- Empower stakeholders to make data-informed decisions through tailored insights and strategic guidance.

#### Institutional Effectiveness Collaboration

- Coordinate the Office of Institutional Effectiveness Task Force, uniting representatives from all 19 community colleges.
- Support efforts to identify and close data gaps while promoting regional standardization and shared solutions.

#### Data Accessibility & Visualization

- Design and maintain user-friendly dashboards that provide:
  - SWP metrics and labor market alignment
  - CTE program-to-industry sector mapping
  - Regional project funding and expenditures with KPI tracking
- Ensure tools are interactive and filterable at the college level for tailored insights.
